

All Star by Smashmouth Capo on 4th Fret

[Verse]

D A Em G
Somebody once told me the world is gonna roll
me

D A Em G
I ain't the sharpest tool in the shed

D A Em G
She was looking kind of dumb with her finger
and her thumb

D A Em G
In the shape of an "L" on her forehead

PreChorus

D A
Well, the years start coming and they don't stop
coming

Em G
Fed to the rules and I hit the ground running

D A
Didn't make sense not to live for fun

Em G
Your brain gets smart but your head gets dumb

D A
So much to do, so much to see

Em G
So what's wrong with taking the back streets

D A
You'll never know if you don't go

Em G
You'll never shine if you don't glow

[Chorus]

D G G#(b5) G
Hey now, you're an All Star, get your game on,
go play

D G G#(b5) G
Hey now, you're a Rock Star, get the show on,
get paid

D G G#(b5)
And all that glitters is gold

G D C G
Only shooting stars break the mold

[Verse]

D A
It's a cool place and they say it gets colder
Em G
You're bundled up now, wait 'til you get older

D A
But the meteor men beg to differ
Em G
Judging by the hole in the satellite picture

D A
The ice we skate is getting pretty thin
Em G
The water's getting warm so you might as well
swim

D A
My world's on fire, how about yours
Em G
That's the way I like it and I'll never get bored

[Chorus]

[Instrumental]

[Chorus]

[Verse]

D A Em G
Somebody once asked could I spare some
change for gas

D A Em G
I need to get myself away from this place

D A
I said yep, what a concept

Em G
I could use a little fuel myself

D A Em
And we could all use a little change

PreChorus

Chorus
